REPORT ON PRINTING.

Report of the Committee on Class C. No. 29; Paintings, Daguerreotypes, and Printing; made to the Wisconsin State Agricultural Society, Oct. 2d, 1851;—

Oct. 2d. 1851:—
The Committee on Class C., No. 29, report—
that they have examined the various articles exhibited to them; and find, that, in Card Printingn—in which class there was much competition,
the specimens exhibited were so generally of a
high character for taste and execution that the
Committee were unable to decide in favor of any
acticular competitor, all being surerior. They Committee were unable to decide in favor of any particular competitor, all being so serior. They inherefore, recommend that the diploma of the Society be granted to Messrs, King, Harley, Starr, and Carey. Their specimens—differing but kind the in execution—are all pleasing evidence of the perfection to which ornamental printing has brought, as a branch of the fine are.

In Book & Panyikkt Printing the specimens both is to tast of are of the first order, opinion of an emitted to the highest honors of the marky.

In proper stupen.—The only constanton.

Messes Stamm & Upmann of Milwaukeer and your Committee take pleasure in assigning the take the transk among Photographic Literosses.—Our limits will not allow us—to—enlarge upon the Our limits will not allow us to collarge upon the manifest beauties of the specimens of these gentlemen; but we cannot close our R port without alloding to the fullnuss and distinctives, which characterize the lineaments of the face, and the life-like expression which marks the eye in all of these specimens. We think they have, indeed, almost broaght this beautiful art to perfection; and, therefore, recommend that the diploma of the Society be awarded to them.

Watherows Woor, Markers--Wenre informed by Mr. J. Food, that he has purchased the past senson, at his wood depot, in this village, about 1-9000 pands of wood, paying an average 34-cents per pound. Independent of this, he has carded 20,000 pounds here, and 10,000 pounds at Ripon. Whool is first becoming a leading staple of central Wisconsider. Visconsin.

Eastern wood buyers have paid rainous, rates

Eastern wood buyers have paid runnous races for that artibe the past season. In some instances they have been obliged to sellat from 8 to 11 cents less than the original cost. Tens of thousands of dollars have thus been lost by speculators. Many of the castern factories, are closed and others running on half time, owing to the influx of foreign claths under the rainous tariff which of foreign cloths under the ramous tartif which the Democrats have inflicted upon the country. We would respectfully call the attention of our many friends, and the public generally, to an in-strument we have recently imported from Paris, called a "Conformateur."

from which the above cut was taken. By it we can take the exact shape, and unseringly fit the most irregular heads. Many can testify to the inscription of the instruments and interest part that are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivence, this very great amovance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our extenses from all parts of the country.

We invite all who device a porfect fit in a Hat, to call and have an impression of their head; and those who take pleasure in witnessing the faventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the Cass System (which all will readily acknowledge to be the heat,) we are enabled to soil the best Sik Hat made, at the agreement low price of \$4.25; surpassing any \$5 Hatsoid in this city. Our lists are all manufactured by ourselves, and in offering them to our embowers, we do so, with the confident assurance, they are all we recommend them to be. we invise all who do not wish to pay two profits upon a Hatsoid and are willing to save 25 per cent, to call and see the
